

Tobacco-Free Signs

for School Athletic Fields & Facilities

Tobacco-Free Youth Recreation (TFYR) has 12" x 18" permanent metal signs available for Minnesota schools that need assistance in promoting their tobacco-free policy on outdoor athletic facilities.

These signs are **FREE**, but all orders must be sent to and approved directly by TFYR and **require a copy of the school district's tobacco-free policy**. When determining the number of signs to order, consider these locations on school property:

- Places where tobacco users tend to congregate during athletic events
- Entrances to stadiums, courts, fields, and rinks
- Concession stands or restroom areas

A limited number of signs are available, so please limit your order based on the number of signs you need for the school athletic fields & facilities.

TOBACCO-FREE SCHOOL SIGNS ORDER FORM

Entire form must be completed to process your order!
